

**REMARKS**

Applicant notes with appreciation the indication of allowable subject matter in claims 1-21. Solely in an effort to expedite prosecution, Applicant cancels claims 21-31. By canceling those claims, Applicant does not intend to admit that they are unpatentable in view of the cited references.

Applicant proposes to replace one of the cancelled independent claims with a new independent claim that recites a computer-readable medium having software for carrying out the instructions recited in claim 1.

Now pending in this application are claims 1-21 and 32, of which claims 1 and 32 are independent. No additional fees are believed to be due in connection with the filing of this response. However, to the extent fees are due, or if a refund is forthcoming, please adjust our Deposit Account 06-1050 referring to the attorney docket No. "07442-022001."

Respectfully submitted,
